**Subject:** RE: Meeting with EPA Contractor - Source Control Database  
**Date:** 09/05/2006 09:30 AM

---

Kristine,

I can attend for the first hour. Jim is going to try and change his schedule so he can participate as well. Can you provide a call in #? Also if possible could we focus on the objectives of the database and data needs during the time DEQ is able to participate.

Thanks, Matt

Subject: Meeting with EPA Contractor - Source Control Database

All - Just wanted you to know that my first meeting with Parametrix to discuss the EPA Source Control Database will be on Wednesday, September 6, 2006, at the Parametrix office in Portland from 9 AM to 4 PM. You are all invited to attend all or part of the meeting. The purpose of this meeting is to discuss how the database will be created and the types of information it will contain. Please let me know by COB Tuesday, September 5, if you (or any others) will be attending so that I can let the contractor know.

Hope to see you there.
